#### Barrie Beard Ltd Newsletter - Issue 19

**Summer 2023** 

Congratulations to Managing Director, Warren Beard on an astonishing 40 years of service with the company!

# CELEBRATING 40 YEARS OF SERVICE

Worcester Road, Upton Warren, Bromsgrove, Worcestershire B61 7ET Tel: 01527 875172 www.barriebeard.co.uk Email: enquiries@barriebeard.co.uk

### **AWARDS**

BCO AWARDS - Midlands & Central England

## WINNER: Best Commercial Workplace

## BCO Awards 103 Colmore Row on behalf of BAM

103 Colmore Row has WON 'Best Commercial Workplace' at the British Council for Offices Awards - Midlands & Central England. Amazing news... We are thrilled to be part of this team.

The judging panel commended the project for its bravery and success, with more than 80% of the building let or under offer.

#### St Michael's Hospital - Rosewood Terrace -

We were awarded top 10 Supply Chain Partner of the quarter from Willmott Dixon Interiors for Q2 & Q3 and Q4.

#### **Birmingham City Council**

The refurbishment of the block forms part of the regeneration programme by Birmingham City Council, to upgrade the facades, fire safety strategies & thermal performance of existing tower in the City.

We are currently working on the following:

- Inkerman House - Wates Living Space - Hodgson Tower - Equans

**Director - John Barnes** 

### **Equans - Chillers - QE**

Due to climate change and the extremely hot summer last year, we have been asked to install the electrical supplies to 2 No chillers. The chillers are located in the car park, close to the hospital building.

The chillers will support the existing roof top chillers that struggle with the recent temperature increase during summer.

#### Director - John Barnes

## Hartshill School

We have recently begun works on-site at Hartshill School appointed by Wates.

The objective is to replace the existing secondary school with a modern, efficient three-storey school building and improve the surrounding campus to provide a positive establishment.

Contracts Manager - Anthony Bold

### **Worcester Royal Hospital**

I'd like to say a massive thank you to all involved at the Worcester ED.

It's been a long project with ups and downs, but everyone has 'got stuck in' and managed to hit the deadlines and produce a brilliant install, especially considering the space restrictions and coordination with other services.

All the main contractual works have been completed for some weeks now, with the commissioning being a 12-week process due to all the subcontractor's disciplines involved. We now have a few variation orders to complete with the official project completion being the 21st of August 2023 and then the operational date of the new Accident & Emergency being the 1st of October.

Again, thank you to everyone for all the effort you have put into this and I look forward to hopefully working with some of the operatives again on my next project.

**Contracts Manager - Zach Beesley** 

#### **Midland Metropolitan Hospital**

Rob Griffin and the team are doing a great job to see us over the finish line on this extremely challenging project. Congratulations to Rob on receiving his Black Hat of the month award. I would also like to credit to some of the team that have now reached a 3-year milestone working at the hospital. I can't thank you enough for sticking with it! The light is at the end of the tunnel.

In light of our hard work, we have secured further areas at the hospital and we are now taking clinical areas Levels 5-9 to completion. Keswick Dacosta is leading these floors and has done a superb job in picking up where others have left off and managing the delivery of these partially completed floors.

We are responsible for the delivery of - The Energy Centre, Facilities Management, Mortuary, External lighting (site wide), Levels 5-9 (Clinical) and the Coffee Shop.

Associate Director - Dan Ingram

#### BLACK HAT OF THE MONTH

Rob Griffin

Well Done

## **5 St Philips Place, Birmingham**

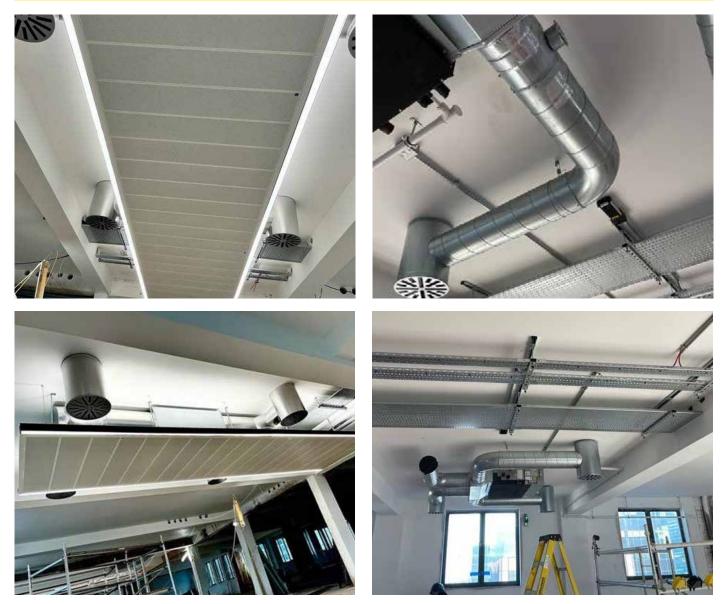

We have started works on-site at 5 St Philips Place, Birmingham appointed by Willmott Dixon Interiors. The building has a surprising amount of space with a prime location on the corner of Colmore Row and we can't wait to see it transform over the next few months. From the below photos into smart commercial office and retail space.

The project will involve a full CAT A fit-out in the heart of Birmingham consisting of:- Lighting and emergency design and installation, Small power installation, Distribution, External lighting, Fire alarm system, CCTV system, Security alarm, Addressable accessible WC alarm, Disabled refuge, Voice and data installation, Lighting protection, and Fully addressable dali lighting control system, Induction loop, Incoming water, Super low carbon design and BREEAM 2018.

We have installed a brand new transformer and back up generator for the life safety systems.

Mark Clamp & Jack Kings are leading the BB team, they are making fantastic progress.

**Contracts Manager - Jamie Pemberton** 

### **Filton Leisure Centre**

We have been appointed by Speller Metcalfe and have now started on site. Works will include the demolition of the existing reception area and changing rooms, along with a new extension to expand the provision of community facilities.

The focus of the construction is to expand the facilities around the swimming pool area including both wet and dry side changing, alongside improvements to the building.

The project will consist of: Lighting and emergency design and installation, Small power installation, Distribution, External lighting, Car park lighting, Fire alarm system, Turnstile installation, CCTV system, TV system, Door access system including, Security alarm, Addressable accessible WC alarm, Disabled refuge, Voice and data installation, Lighting protection and Low carbon design.

#### **Director - Lyndon Beard**

#### **Kings Edward House**

We have started works on-site at Kings Edward House with Paramount Interiors. The building has with a surprising amount of space with a prime location and we can't wait to see it transform over the next few months. From the above photos into smart commercial office and retail space.

The project will entail a full CAT A fit-out in the centre of Birmingham consisting of: -

- HV incoming service upgrade and 1MVA transformer upgrade working alongside the National Grid
- New LV distribution system
- New Lighting System consisting of linear and feature lighting
- Fire & Security Alarm systems
- Data infrastructure in line with wired score

Jimmy Tonks is leading the BB team, they are making great progress.

Associate Director - Dan Ingram

#### **Filton AirBus**

We are currently working on Airbus in Bristol. The project involves Distribution, Fire alarm system, Lightning Protection.

Well done everyone

**Director - Lyndon Beard** 

#### **Dassault Warwick**

We have recently begun working on-site, at The Woods on behalf of 'Area'.

The Woods is a two-storey, 80,000 sqft office building which has recently undergone a refurbishment.

**Director - Lyndon Beard** 

### **Prince Charles Hospital**

We have recently begun working on-site at the Prince Charles Hospital on the refurbishment project for Tilbury Douglas. The on-site team have made fantastic progress so far.

We look forward to updating you on this project and its development over the coming months as we renovate Endoscopy & Plant C + Max Facs & DI Radiology Dept in the Prince Charles Hospital building.

**Contracts Manager - Anthony Bold** 

## **AVFC Holte End**

We have recently started works at Aston Villa Stadium. Installing a range of electrical services and essential lighting to ensure a striking start to the 2023 - 2024 football season.

We are working on behalf of Guildprime on the exciting newest hospitality refurbishment at Aston Villa Football Club. Introducing The Terrace View: Elevating the fan and stadium experience to new heights!

The Terrace View provides extended access to the Holte End and an uplifting matchday atmosphere with new bars and kiosks, a variety of seating options, and HD screens showing match highlights.

Our scope of work included Lighting and emergency design and installation, Essential Lighting, Small power installation, Distribution, External lighting, AV Installation, Fire alarm system, CCTV system, Addressable accessible WC alarm, Disabled refuge, Voice and data installation, Fully addressable dali lighting control system, Induction loop and Building management system.

Warren Beard - Managing Director / Russell Beard - Managing Director / Contracts Manager - Jamie Pemberton

#### St Michael's Hospital, Warwick - Rosewood Terrace -

We have recently completed the fourth phase of the refurbishment of St Michael's Hospital in Warwick. Rosewood Terrace is an inpatient mental health rehabilitation unit in conjunction with the main building contractor Willmott Dixon Interiors.

The two-story building has been refurbished on the ground floor to deliver modern facilities for patients. We have installed new LED Anti-ligature lighting, New Anti-ligature smoke detection and various small power supplies to Windows, Door top alarms & Wall gate systems. We were awarded the top 10 Supply Chain Partner of the quarter from Willmott Dixon Interiors for Q2 & Q3 and Q4.

This is a fantastic achievement.

Well done to everyone who has worked on this project.

Senior Estimator - Matt Chance

#### Face Punch Studio

The project involved a complete fit-out of the eighth floor at the iconic 103 Colmore Row Building in Birmingham. A fantastic effort from the whole team to get this over the line. Well, Done.

Face Punch gaming studio is on completely another level, it has it all. Offices and Boardroom, Barbers, Curved feature tables, Bespoke lighting, Arcade machines, Pool table, Table soccer table, Meeting booths, Meeting rooms, Bar and Breakout Space. Creative by Designer Emily Benuss

The Video game developer is best known for its multiplayer survival game 'Rust', which has sold almost 14 million copies to date, and its other titles include Garry's Mod, Chippy and Sandbox. In total, Face Punch has sold more than 38 million games worldwide.

The project involved lighting and emergency design and installation, small power installation, distribution, fire alarm system, CCTV, system, door access system, intercom system, and stunning bespoke lighting designed and manufactured by Barrie Beard Ltd.

#### Associate Director - Dan Ingram

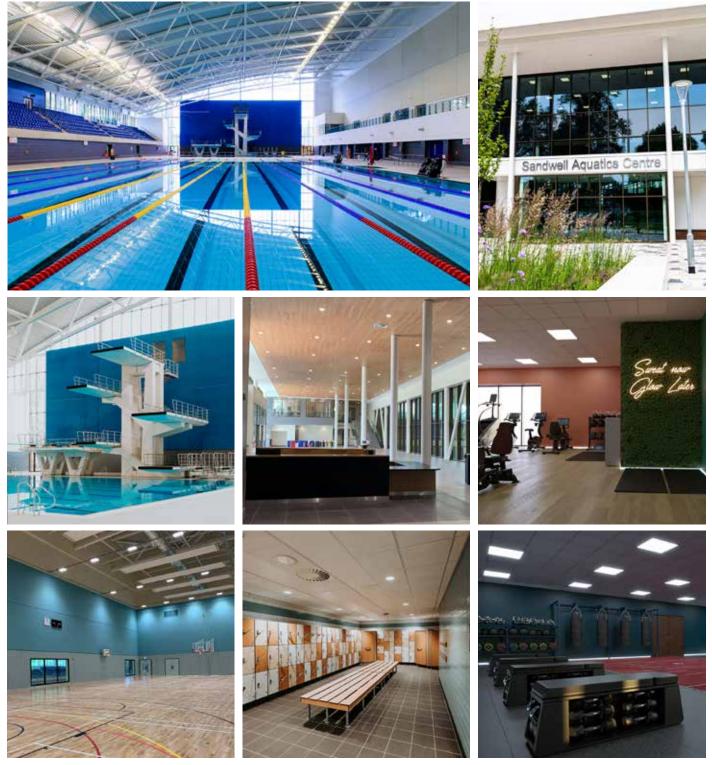

## **Sandwell Aquatics Centre**

Opened to the general public on Monday 24th July

The aquatics centre includes, an Olympic size 50m swimming pool, 10m diving boards, studio pool, three activity studios, two 4-court sports halls, 108 station gym, 25-station ladies only gym, indoor cycling studio, dry diving centre, sauna/steam room, new grass football pitch and changing facilities, new urban park and children's play area and a café.

**Director - Lyndon Beard** 

## **Skechers**

The project involved a small office fit-out at Eden Point. A fantastic effort from the whole team to get this completed. Well, Done. Lee Knowles led the 6-8 week project. The Contract works was with Future Interiors

The project involved small power, floor boxes, lighting, feature track lighting, light display boxes, emergency lighting, data points & cab, and fire alarm alterations.

**Contracts Manager - Jamie Pemberton** 

## New external feature lighting

New external feature lighting has been installed to the chapel as requested by the client.

Works included new circuitry installed within trenches, concreted bases with protection cages, and new led light fittings which are controlled via a photocell & time clock.

## EV Charging Point

We recently installed an EV charging point at the below property as requested by the client.

Contracts Manager - James O'Brien

#### The Old Oak Barn

New internal feature lighting has been installed in the property as requested by the client.

Works included consumer unit change, new circuits installed where needed (e.g. new laundry radial), fitted spotlights to suit the new kitchen layout, under-cupboard and under-seating lighting, and new supplies for an all-electric aga cooker.

Contracts Manager - James O'Brien

## **NEW PROJECTS ANNOUNCEMENT**

## University of Oxford's Life and Mind Building

The Life and Mind Building will be the largest building project the University has ever undertaken and will significantly improve the way psychological and biological science is undertaken in Oxford, helping scientists to solve some of our major global challenges. It will be home to the Department of Experimental Psychology and a new Department of Biology, combining the existing Departments of Plant Sciences and Zoology. The funding and delivery of the building will be undertaken in partnership with Legal & General.

The centre will house 800 students and 1,200 researchers and has been designed to support long-term sustainability, with the intention of it being net zero carbon in operation by 2030.

**Contracts Manager - Zach Beesley** 

#### **Caludon Centre**

The Caludon Centre is a purpose built facility, based on the University Hospital Coventry and Warwickshire (UHCW) site, providing inpatient and outpatient adult mental health care, and learning disability inpatient services.

We recently installed new power supplies for the condensing units. In addition to LED replacements and power supplies, we have other works in the pipeline for this project. The works will be completed for Willmott Dixon Interiors on behalf of CWPT.

Senior Estimator - Matt Chance

## **NEW PROJECTS ANNOUNCEMENT**

#### **Kidderminister Creative Hub**

Work has begun on transforming the former Magistrates Court in Kidderminster into a new Creative Hub, designed by Burrell Foley Fischer.

The transformation of the historic Grade II Listed buildings and former weaving sheds will provide contemporary multi-functional arts and cultural development space, co-working and research space.

Working with BAM Construction.

**Contracts Manager - Anthony Bold** 

#### **CONGRATULATIONS**

## Checkatrade REVIEWS

## WHERE REPUTATION MATTERS

#### Installation of EV Charger

"Excellent service throughout. Professional, friendly, prompt, and understanding job. Would highly recommend the company."

#### **Darren Nicholas**

#### **Consumer Unit**

"Highly recommend Barrie Beard Electrical contractors. Turn up on time we had replacement of consumer unit from start to finish excellent work. Respected our home we would definitely have them again in the future"

**Michael Roberts** 

#### Replace the front outside light

"Completely satisfied in all aspects and would recommend Barrie Beard Ltd to anyone"

Ann Cutler

# Checkatrade REVIEWS

## WHERE REPUTATION MATTERS

#### Kitchen light and additional socket

"Another great experience from Barrie Beard Ltd from start to finish. Prompt quote and understood my requirements. Electricians arrived on time and were friendly and explained the work as they progressed to keep us updated. I had a kitchen light fitted and additional sockets fitted."

#### Matthew Wells

#### Car charger installation

"Prompt arrival, tidy installation, helpful introduction to using the car charger, very polite installer, very pleased all round."

#### Malcolm Davey

## Installation of electrical sockets including outdoor and replace broken ventilation fan in the bathroom

"Work carried out efficiently and to a high standard as per requirement. Clean and thorough with on-going consultation on the various jobs required. Electrician punctual and polite."

#### Kevin Smith

#### Replace spotlights in the bathroom

"Punctual and efficiently done. Helpful electrician who made it clear what he was doing. The result was considerably improved at a fair price"

#### **Rodney Braithwaite**

#### General work around the house

"Happy with work and price. Would use them again."

#### Anthony Drew

#### Installing new floodlights

"Very good and tidy job by a very competent person"

Garry Cole

## AVERAGE SCORE 9.78

# Checkatrade REVIEWS

## WHERE REPUTATION MATTERS

New consumer units in the main house and garage. New lights in kitchen and lounge. Sockets in kitchen.

"Very pleased with the work. The electricians were on time every day and kept us up to date with the progress of the work"

#### **Giles Broomfield**

#### **Reconnection of earth bonding**

**Great Service** 

"Timely and assured service."

"First Class Service."

**David Smith** 

**David Murray** 

#### Electrical condition testing and resulting remedial

"Called in BB following the Covid-related demise of our previous electricians. The team and lads that came to the house could not have been nicer and more helpful"

#### Matt Dubber

Replacing ceiling light fittings and smoke alarms. Providing additional power sockets.

"Very pleased with the work carried out. Luke was quick and efficient and very pleasant"

#### Allen Howard

#### Installation of outside power supply

"Discussed and agreed on the design and it was then efficiently installed by the electrician. Punctual, neat, and has a fair price. I have used Barrie Beard Ltd for some 20 years and wouldn't go anywhere else in the Bromsgrove area"

#### **Richard Evans**

Mr. David Pritchard was very pleased with Andy's work. Well Done

Mrs. Cox has just paid the invoice and couldn't praise Rob and Louie enough!

"I contacted Barrie Beard Electrical regarding changing and upgrading our domestic Fusebox. The quote that I was given was in my opinion a good one, so I booked the work to be done. The engineer turned up at the agreed time, and the work was carried out to my complete satisfaction within the day. My only contact with Barrie Beard before this was for the purchase of small electrical items, but following this experience, I feel that I would be completely happy to recommend them for similar work."

David Pullen – 5 Stars

Well done, Rob

"Today we had a workman round to fit our new bathroom fan on behalf of BDHT, the address was Russell Street, Cofton Hackett. I would just like to say what a credit to your company he is, I didn't manage to get his name. He was polite and kept me updated the whole time even with my 8-year-old following him around and constantly asking him questions for hours, he was great with him."

I just wanted him to get some recognition for being great and an asset to your company.

Andrea Collins

#### **SOCIAL VALUE**

Barrie Beard Ltd sponsored Meadow Park FC in the Mercian Football League.

It's been a great start to the football season, from being 3 goals down to winning 5-3 in their 1st competitive cup game! A big well done to them!

Through to the next round!

Thank you Barrie Beard Elec for sponsoring Fairfield First School again in the Carnival this year! We really appreciate it..

## **CHARITY NEWS**
